VOL. 35 NO. 118

WASHINGTON C. H., OHIO, TUESDAY, MAY 18, 1920

REPORTS DISAGREE  
ON GOVERNMENT'S  
NITRATE PROGRAM

Majority Report Made by Republicans Condemns Policy While Minority Made by Democrats Accuses Majority

Reckless Waste Charged By Majority and Recovery Suits Are Recommended.

Want \$70,000,000 Plant At Muscle Shoals Converted Into Fertilizer Plant.

(By Associated Press)

Washington, May 18.—Two reports, one by republicans, condemning the government's entire war-time nitrate program and charging reckless waste and extravagance, and the other by democrats, defending it and charging partisan bias by the majority, were presented today in the House by a special committee, which took up the investigation nearly a year ago.

Republicans laid blame for the nitrate program, entailing an expenditure of about \$116,000,000, at the door of President Wilson, with Bernard M. Baruch as the moving spirit of the war-time project, although Representative Garrett, speaking for the minority, declared that the President acted upon the suggestion of Secretary Baker, and that both could assume responsibility without apology.

Charging the Air Nitrate Corporation, builder of the Muscle Shoals plant, with failure to perform its contract, the majority recommended to Congress that no further sums be paid it on account, and that civil suits be instituted for recovery, and that the whole question of pay be threshed out in the court of claims.

It also was recommended that the Government pursue such remedies as might be decided by the Attorney General.

After asking Congress to sell materials stored at the Toledo and Cincinnati plants and retain the Sheffield, Alabama, plant, the committee recommended that the Government lease the deserted villages built for offices at Sheffield at a cost of \$12,000,000.

The principal subject discussed by the majority related to the big Muscle Shoals plant, costing \$70,000,000, being too valuable to scrap. The majority recommended that it be leased and converted into a fertilizer plant for the sale of products direct to farmers, with the right of the Government to take it over in wartime.

GERMAN PRESS  
MAKES COMMENT

(By Associated Press)

Berlin, May 18.—Only a few Berlin newspapers comment editorially on the vote in the United States Senate on the Knox resolution ending the state of war between the United States and Germany.

Suggestion is made by the Lokal Anzeiger that news of the bolt in the Senate should be "received with an ample measure of skepticism, as numerous parliamentary obstacles are yet to be overcome."

POLITICAL POT  
BOILING TODAY  
IN MANY STATES

Pennsylvania and Vermont Are Holding Presidential Preference Primaries.

Various Conventions Are Under Way.

(By Associated Press)

Washington, May 18.—Presidential preference primaries were being held today in Pennsylvania and Vermont; democratic state conventions were in session at Spokane and Omaha, while a republican state convention was being held at Lincoln, Neb.

Edward Randolph Wood, a retired business man of Philadelphia, was the only name appearing on the republican ballot in Pennsylvania for president. Attorney General Palmer was unopposed on the democratic ticket. Seventy-six delegates to each national convention were being elected.

In Vermont, the names of William Grant Webster, of New York, and Major General Wood appeared on the republican ballot. No petitions were filed for a place on the democratic ticket.

The republicans at Lincoln expected to select a state central committee, adopt a platform and name presidential electors. The democrats at Omaha faced a similar program. Democrats at Spokane were selecting delegates to the national convention.

HUNGARY WILL  
SIGN TREATY

(By Associated Press)

Budapest, May 18.—Hungary will sign the peace treaty presented to her by the allies, it was indicated here today.

Count Albert Apponyi, who strongly opposed acceptance, has resigned from the peace delegation.

## TURKEY GETS PEACE TREATY; CONFERENCE AT SAN REMO

The supreme council in session at San Remo.

Turkey has received the allies' peace terms. The treaty, drawn up after the supreme council's sessions at San Remo, Italy, was presented to Turkish diplomats

recently at Paris. The picture above, just received from San Remo, shows Premier Millerand of France at the extreme left; Signor Nitti, who has since resigned as premier of Italy, is seated in the center. Lloyd George, premier of Great Britain, and Lord Curzon of England are at Nitti's left.

SECRETARY  
DANIELS  
ACCUSES  
PENROSE

Declares Senator is Man Who Placed The Words in Mouth Of Rear Admiral Sims.

Words Used by Sims Almost Identical to Those of Penrose Year Before.

(By Associated Press)

Washington, May 18.—Senator Penrose, republican, and not Rear Admiral Sims, originated the basic charges against the navy department contained in the Admiral's letter of January 7, Secretary Daniels asserted today before the Senate committee investigating the navy's conduct of the war.

Mr. Daniels recalled that the Senator in a speech in the Senate in August, 1918, declared procrastination on the part of the Secretary delayed the termination of the war at least three months, cost fifteen billion dollars and many lives.

The words used by Senator Penrose were almost identical with those used by Admiral Sims more than a year later, Mr. Daniels said.

PLANNED FOR  
SOVIET RULE

(By Associated Press)

Paris, May 18.—Soviet rule in France was to have been established if the revolutionary strike May 1st had succeeded, according to the French police who said today they had obtained complete evidence of this from documents they have secured.

DEADLOCK ON  
REORGANIZING  
THE U.S. ARMY

Question Will be Up in House For Vote in Near Future

Voluntary Enlistments The Stumbling Block

(By Associated Press)

Washington, May 18.—A deadlock on the army reorganization bill was reached today by the Senate and Public conferees. Senate provisions to reorganize the force caused the breach and the question will be brought before the House for a vote.

The disagreement, it was said, came despite an offer from the Senate to strike out the Senate provision for voluntary military training of youths between 18 and 20 years of age.

ASK OBJECTORS  
BE RELEASED

(By Associated Press)

Washington, May 18.—A committee appointed by the socialist party called on Secretary Baker today to present a memorial to ask for release of conscientious objectors still held.

CONGESTION

Freight Tie-Up Continues Serious As Federal Agents Take Hold of Situation.

May Require Several Days Or Weeks to Restore Normal Conditions.

Washington, May 18.—Responding to telegraph appeals, state railroad and public service commissions throughout the country were today working in conjunction with the Inter-State Commerce Commission to relieve the nation-wide freight condition.

Hundreds of investigators were at work securing data on terminals and most of this was expected to be in the hands of the commission tonight.

After informing themselves the commissioners are expected to announce a course of action but at best, it is pointed out, it will require days and possibly weeks before normal transportation can be resumed.

Mexican Agents Planned Disgrace to Fall Committee

(By Associated Press)

Washington, May 18.—Charles E. Jones, former Department of Justice Agent today charged Mexican agents in the United States with having threatened disgrace and death to Senator Fall of New Mexico, chairman of the Senate committee investigating Mexican affairs, and to W. M. Hanson, one of Chairman Fall's assistants.

Mr. Jones, who made his charges before the Mexican committee, said Raymond P. DeNegri, former Mexican Consul General in New York, had told him last fall that "they (meaning Fall and Hanson) will be shot very soon."

DeNegri added, Jones said, that he had "a man in New York now to fix them."

The former Mexican Consul General, according to Jones, also asserted that "Americans having tremendous political influence with the United States administration are assisting in efforts to disgrace the Fall committee."

AGREE ON WAGE  
FOR THE MINERS

Urges Government Competition To Break Excessive Profits In Necessities.

Blames Congress For Neglect And Says High Costs Cause Of Unrest.

Omaha, Nebraska and Knoxville Tennessee Are Scenes Of Reductions.

(By Associated Press)

Washington, May 18.—Profiteering was denounced today in the Senate by Senator Walsh, democrat, of Massachusetts, who asserted that extortions of profiteers are the principal cause of widespread unrest and that Congress has been culpably inactive in moving to relieve the situation.

"I recommend," said Senator Walsh, "that Congress promptly inaugurate public sales on a large scale unless exorbitant profits are voluntarily and materially reduced at once. In other words, I recommend government competition as a sure remedy."

STORES REDUCE  
RETAIL PRICES

# WILL RE-SUBMIT BOND ISSUE FOR UNION TOWNSHIP

School Board Reorganizes And Proceeds to Take Action on Various Proposals.

Cancel Order For Seven Motor Trucks For Hauling Pupils in Union.

With a large number of interested citizens present the Union township board of education met Monday evening and, after the two new members of the board had been sworn in, made a reorganization of the body, decided to submit the bond issue of \$40,000 to the voters of Union township a second time, and cancelled an order for seven motor trucks, which were to have been used in hauling children to the centralized schools.

In the reorganization of the board Otto Coll was elected president and Beryl Cayne, vice president. The two new members sworn in were Frank Miller and Luther Cockerill taking the places of Frank Haines and W. W. Wilson who recently resigned their seats on the board after having moved to this city.

On behalf of the voters in the eastern part of the township, Attorney Thomas S. Maddox asked that the board submit a second time the question of issuing \$40,000 in bonds for the erection of a school building in the eastern part of the county.

County Superintendent O. S. Nelson who was present with District Superintendent A. E. Henkle, made strenuous objection to the proposal at this time and discussed at some length his reason for not endorsing the action. He held that such a bond issue would be a burden on the taxpayers, and that it would not be possible to properly support the schools that were already in operation; and that the township already had as many schools as required.

Action taken by the board on the matter was to set June 10 as the day on which the question is to be submitted to the voters a second time.

James M. Hartman has been endorsed to take the census of school youth of Union township.

An order was placed some time ago for seven motor trucks to be used in the transportation of children of to and from school and which were to replace the old fashioned horse drawn vehicles, was cancelled because of the outlook for funds for the coming year. It was alleged that the present school laws on finance were attributed to the low running funds.

# SCHOOL BOARD SEEKS TWO MILL LEVY IN CITY

Faced by a shortage in school finances the City Board of Education at the regular meeting Monday evening passed a resolution to place before the people at the August Primaries the question of an additional two mill tax levy so that the crisis in school finances may be met.

In the discussion of the school expenses for another year it was readily observed that an increased amount of money must be forthcoming in some manner. Increased salaries, the greatly advanced cost of fuel, and the inflated cost of upkeep, were some of the factors to be reckoned with in deciding the sum necessary, it was pointed out.

Discussion of teachers salaries was heard from all board members but no action was taken in this respect. Recommendation of teachers was made but no teachers were hired.

## Sims' Finish

The war of words between Secretary of the Navy Daniels and Admiral Sims drags along before the Senate investigating committee. Primarily the Senate is responsible for the regrettable wrangle and the disclosures made by the Secretary of the Navy. It should have been engaged in bigger business, in matters of more importance to the people and the nation than staging a controversy which was certain to bring disclosures that would be unpleasant.

Of course there is no doubt about the correctness of allowing the Secretary of the Navy, since Admiral Sims was permitted to run wild in his charges, to make such disclosures as he deems proper to vindicate himself and the sailors of the United States.

Sims should have been stopped at the outset of his tirade instead of encouraged, but as he was not there seems no other way now save to go through with the investigation which does not now and never did promise anything save a sensation for the morbid to read and for the politically ambitious to seize upon in the hope of securing some advantage.

The marvelous successes achieved by the American navy during the war were, perhaps, a sufficient answer to the carping criticisms of the disgruntled Sims, but at the same time it was scarcely just, if the navy authorities did not see fit to rest under his slurs, to deny them a right to be heard.

The investigation means one thing certainly—the close of the career of Sims in the American navy.

## Sugar Prices

With the promise of an abundant fruit crop, the sugar trust hog boldly enters on to the stage and threatens to prevent, by fixing prohibitive prices on sugar, the advantage in foodstuff stores for winter which nature has given the people.

So far there has been no good reason given to the people for the frightful advance in the price of sugar. The Department of Justice fixes a price limit at which retailers and wholesalers must sell at more than double former prices, but gives no satisfactory reason for the higher price allowed.

Government officials who are making quite a noise about holding the price down "for the present" to about a two hundred percent advance are about as satisfactory in refraining from giving reasons as the sugar trust.

With all the official talk and all the governmental machinery grinding ponderously the unpleasant fact remains that the sugar trust is fixing the price, without announced reason, and the authorities simply o. k. it, contenting themselves with controlling the profit of the wholesaler and retailer.

Another instance of working from the wrong end so far as results are concerned.

## Appeals in Divorce Cases

Hereafter, according to the effect of the Supreme Court ruling, holding that decrees of divorce may be reviewed on error by the courts of appeal, divorced people will be compelled to wait a longer time before being able to again enter into a marriage contract.

Heretofore the decree of divorce granted by the common pleas court was final. There was no appeal because the divorce statutes specifically provided that there was to be no appeal and no prosecution of error. The Supreme Court holds that the constitutional changes regarding judicial procedure set that limitation as to appeal at naught and that higher courts can now review a divorce decree.

The effect of that ruling should be beneficial on society. It should make trial courts more cautious in granting divorce decrees, make them examine more closely into the facts and to see to it that a real ground for divorce exists and that abundant evidence supporting the claims is adduced.

The effect of the ruling, too, will be to prevent hasty remarriages. Those who contemplate remarriage will be compelled to wait until the time for appeal or the prosecution of error to the higher courts has expired because the decree will not be binding until that period has elapsed. This will slow up the impulsive folks until they have had time to consider.

## POETRY FOR TODAY

### THE WIND

The wind is rising in the fading light,  
Like moaning breakers is its natal hour,  
Or captive wild beasts as they cringe and cower,  
Potential, dreadful in its promised might.  
The awful beauty of the wind at night  
Shaking creation with its ruthless power,  
A something rises that my fears devour  
And shrieks within me at the tempest's height.  
One with the Being who has never sinned,  
One with the Being who controls the wind!  
My spirit quivers to the weird delight  
And snatches, blindly, the God given dower,  
The ecstatic moment, like a flowing flower,  
To feel the meaning of its earthly flight.

## Plumber Thought He Needed New Pipes

"My stomach and intestines were always full of gas and I often had severe colic attacks. The pain and soreness caused me to think I needed a new set of pipes. Since taking Mayr's Wonderful Remedy all this has disappeared and my only trouble now is to make enough dough to buy all the food I'd like to eat." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. ## Gasoline "Boiling Points" —and Piston "Knocks"

A GASOLINE without a complete chain of boiling points vaporizes unevenly, ignites slowly and burns up incompletely, leaving an excessive amount of residue to form carbon on the piston head. This carbon deposit is the cause of pre-ignition "knock"—the same effect you get with a too greatly advanced spark.

Red Crown Gasoline has a complete chain of boiling points. It burns up quickly and completely—leaving a minimum of deposit. With Red Crown in the tank, you can be sure of quick starts, strong acceleration, sustained power—and big mileage per gallon.

# RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

The Masonic Social Club will give one of their always delightful dances at the Temple on Thursday night. The growing success of these affairs makes them among the season's anticipated events.

Entering the state of matrimony for Salvation Army workers is said to be made "harder than entering the Kingdom of Heaven," but, probably because of that, divorce is out of the question and Salvation Army marriage records are practically unmarred.

Those who are closely in touch with Salvation Army life realize that behind the "marriage of the scarlet banner," which unites the Salvation Army lassie and him who is at once her fellow soldier and the man of her heart, lies a secret of successful married life. For the record of happy Salvation Army marriages, practically unmarred.

Love, disciplined, is behind these marriages.

When the young recruit, or "candidate," enters an Army training school to prepare for service as an officer he or she pledges an almost complete ignoring of the opposite sex. Rigorous rules hedge him round. The hint of a flirtation is instantly suppressed. Men are quartered on one side of the house women on the other. Married couples who enter together are separated and must conform to the rules that govern the unwed.

Even an interchange of notes may not occur unless the parties concerned recognizes the wisdom of the old admonition that it is not good for man to be alone. Marriage now meets with favor.

Yet even now the preliminaries of an alliance must meet the test of official approval. The consent of the parents is not the last word on the prospective nuptials. The Board of Directors of the Army must determine the possibilities of the success or failure of the union.

Let an Army lassie and an Army man become engaged. They must write their respective commanding officers for official sanction. These present written requests to the Board of Directors, asking official recognition of the proposed union.

Marriage, as interpreted by the Sal-

vation Army, implies a continuation upon a greater scale of the humane activities to which the contracting parties have consecrated their lives. If, in the mind of the commanding officer, there is a single doubt of the lasting sincerity of either party that doubt is communicated to the Board of Directors and the board denies permission for the wedding.

The marriage ceremony is much longer than of other religious communions. Frequently there are several attendants—a maid of honor, bridesmaid.

In the Salvation Army, however, there is no bridal gown of white satin, veil of rare old lace or orange blossoms. All are costumed in the navy blue uniform of the organization—neither hats nor bonnets are worn.

In honor of the fifth birthday of her bright little son, Frederick, Mrs. Fred D. Woodard entertained the neighborhood children at a very pretty party Saturday afternoon.

The children frolicked in merry glee until the afternoon's shadows grew longer, when Mrs. Woodard completed their joy by serving a tempting luncheon.

A birthday cake and pink candles were the chief features in the decoration and the children were delighted to receive cunning wrist watches as favors.

Miss Mazie Kessler assisted Mrs. Woodard.

Washington friends of Miss Charlotte Hogan, daughter of Hon. and Mrs. Timothy Hogan, of Columbus, and niece of Mrs. J. H. Cullian, of this city, will be interested to learn that she has been elected President of the student Government Council of Trinity College, Washington, D. C. Miss Hogan is a member of the Junior Class. She was graduated from Mt. St. Joseph's Academy.

The St. Andrew's "Left over" Rummage Sale, held on Fayette street Monday met with the usual success of these unique sales and added a nice sum to the treasury.

The Rummage Sale is always popular and achieves the double purpose of giving to people of small means clothing and needed articles at nominal values and of providing acceptable funds for worthy purposes.

Mrs. James Ford charmingly entertained the Tuesday Bridge club with a table of additional players, at luncheon Tuesday.

The table was lovely in its perfect appointments and artistic centerpiece of lilies of the valley and roses of Sharon, and the luncheon menu particularly delicious.

Miss Dorothy Smith was the guest of Mrs. Joseph H. Harper Monday enroute from Washington, D. C., to her former home in Bainbridge. Miss Smith has resigned her position in the Intelligence office of the government department in Washington and

leaves in the near future for Los Angeles, Cal., where her parents, Mr. and Mrs. J. Starr Smith are now located and expect to make their home.

Miss Mildred Means, who has been the guest of Misses Margaret and Elizabeth McDonald, returned to her home in Louisville, Ky., Monday.

Mr. J. Earl McLean spent Monday in Cincinnati on business.

Mr. and Mrs. E. F. Kinnear, of Columbus, were guests of Mr. and Mrs. N. S. Barnett and Mrs. Ellen Ciesna over Sunday. Mr. Kinnear returning Monday and Mrs. Kinnear remaining through the week.

Mr. William P. Shieble, of Bainbridge, is a business visitor in town today.

Mrs. Tabitha Aldire was called to Lancaster Tuesday by the illness of her daughter, Mrs. Carey Mills.

Mrs. E. D. King, of Good Hope, returned Monday from Wooster, where she spent the week end with Mrs. Lewis Parrett, while attending "Color Day" at the college. Mrs. Parrett remained over for a few days visit.

Mr. J. H. Cullian spent Monday in Columbus on business and also visited his daughter Miss Mary Alice.

Miss Jeanette Weaver is spending a couple of days in Oxford, the guest of Miss Doris McFadden at Western College, and to attend the "Tree Day" festivities.

Mrs. J. M. Baker and son Warren were motoring guests of Mr. Clarence Frazer and family in Xenia, Sunday.

Friends of Miss Ruth Davenport will learn with much gratification that she is now holding a good position, at an excellent salary, in the First National Bank of El Paso, Texas, where she is making her home with her mother and brother. There are a hundred and fifty employees in this bank, which is one of the finest in the Lone Star State.

Dr. Thomas G. Beem has returned from Pottsville, Pa., where he was called in consultation with the chiropractic physician of that city, bringing back with him his wife's sister, Miss Stella Keeney, who has been quite ill and is now recuperating under his treatment and that of Dr. Margaret Beem.

"Mr. and Mrs. Frank Kennedy and son, Francis Marion, Washington, D. C., were over Sunday guests of Mr. and Mrs. Hugh Kennedy, 1759 Oak street,"—Ohio State Journal.

Mrs. D. J. Evans arrived from Washington, D. C., Monday night to visit her daughter, Mrs. P. M. Cook, while her young granddaughter, Betty Cook, is recovering from a long and serious illness.

"Mr. and Mrs. Magley and son, Hubert, and Mr. and Mrs. J. L. Cadwalader, of Washington, D. C., attended the baccalaureate services here last evening,"—Wilmingon News-Journal.

Misses Vera Veal and Lulu Rowan were Monday night visitors at Maple Grove Springs Hotel.

Mr. and Mrs. Frank Jones and two sons, of Gallipolis, are visiting Mr. Jones' mother, Mrs. Emma Jones, and other relatives in Jeffersonville.

Mr. N. S. Ford, of Cincinnati, visited his sisters, Mrs. Mary Fichthorn, Mrs. Lucy Miller and Mrs. John L. Barnes, in Milledgeville, over Sunday.

Mrs. G. H. Hitchcock spent Tuesday in Columbus, to attend the annual meeting of the Woman's Auxiliary of the South Ohio Diocese, held in St. Paul's church.

Miss Esta Henkleman left Sunday morning for Athens to join her sister, Miss Cora, and attend the Normal School at Ohio University.

## BIG CLOSING DAYS OF JEFF. SCHOOL

An all day picnic and field day will mark the closing days of the school year at Jeffersonville on Wednesday. Parents are expected to take their lunches and have a good time. The afternoon is to be given over to a series of field events and games.

Friday will be the last day of school at Jeffersonville the day will be celebrated with a ball game.

## AMERICAN LEGION ASKS SERVICE MEN "TO GET ON INSIDE"

A smoker held by the Paul H. Hughey Post American Legion Monday evening in Memorial brought forth several issues of vital importance to the welfare and growth of the local organization of ex-service men with plans for co-operating with the state wide membership campaign in progress this week.

Committees were appointed for getting in touch with all matters of vocational training and to see that those men entitled to the training get the benefits. Another committee was appointed which will have as its duties observation for permanent quarters of the American Legion. In order that the advisability of holding another dance might be brought before the post at the next meeting a committee was appointed to discuss the question.

In taking up the membership campaign in connection with the state wide movement it was planned to make the drive in this community during this week. An invitation will be extended to as many men as the committees are able to reach. Ex-service men are asked to hand in their memberships and "get on the inside" as soon as possible.

Plans for holding appropriate decoration day exercises in connection with the G. A. R. were discussed and although no definite outline was reached one of the most inspiring programs ever carried out in honor of the nation's dead will probably result.

## WAYNE HIGH SCHOOL PLAY IS SUCCESS

At Good Hope Saturday evening in Wayne Hall the Senior Class of Wayne Township High School scored complete success in the presentation of their class play "Son John" in four acts.

Interest centered around Dwight Free, who took the part of Son John, the famous violinist, and his choice between the girl marked by society for his wife and his own selection, the two parts admirably taken by Miss Florence Smally and Miss Grace Smally.

For the unrivaled manner in which the play was presented credit is reflected upon the teachers who coached the play, Miss Wanetta Fisher and Miss Grace Post. Miss Margaret Parrott, teacher of the third and fourth grades assisted with a solo which happily interspersed the action of the play. Harvey's Orchestra of this city furnished music.

## CLINTONS GET FOUR

## WORRY OVER GREAT SEA TRAGEDY WAS CAUSE OF SUICIDE

Sgt. Olaf Olson, Camp Sherman soldier, who ended a telephone conversation with his bride of ten days, by killing himself, Wednesday morning, was driven insane by worry over seeing "Titanic" victims down without being able to help them. This is Mrs. Olson's explanation of the act that brought to a close their short married life.

Olson hid his secret worry beneath a cheerful exterior. It was not until Friday, the anniversary of the sinking of the ill-fated liner on which he had been a sailor, did he disclose to his wife the reason for his depression which became apparent to her on that day.

All day Friday, he talked to his comrades at the camp of the terrible scenes incident to the ship's sinking which were torturing his memory. At times according to soldiers, his eyes would fill with tears.

After the big liner had rammed the iceberg, Olson had been placed in charge of a lifeboat which soon became crowded to capacity with women and children.

Under strict orders, Olson was obliged to push struggling, drowning men and women from his boat. Seeing a young girl going down, Olson unable to stand the sight, and asking a woman to try and steer the boat, he jumped into the water and lifted the girl into his seat. This girl was 17, her first name was Ethel and she was the daughter of a wealthy New Yorker. Mrs. Olson and the man's comrades had forgotten her last name.

After leaving the life boat, Olson lashed himself to a piece of wreck, age and was picked up two days later by a New York bound vessel. He settled at Solon Springs, Wis., where he was a contractor until the outbreak of war when he enlisted in the 2nd U. S. Infantry.—Chillicothe News.

## SEVERAL SHOVELERS ALSO ON A STRIKE

More labor trouble in the nature of increased pay for street workers hampered the Andrews Asphalt Paving Company Monday when a squad of workmen, prompted by the action of the striking teamsters demanded 45 cents per hour, an increase of 5 cents per hour over the wage being paid. Superintendent Shepherd again stated that the firm was paying the limit and increase was impossible. The men were allowed to quit.

Another call was issued and the depleted ranks were soon filled up with new men.

The company has been bothered on several occasions with the same trouble but Monday's action was the first unified movement of the laborers.

## ANNUAL SERMON AT NEW HOLLAND

Graduates of New Holland High School heard their Baccalaureate Sermon by the M. E. minister, Rev. H. E. Kiefer, in the Church of Christ of New Holland, Sunday evening.

The graduates were grouped in a body, attended by the greater part of the high school students.

The class play is to be given Tuesday evening with Commencement Exercises Thursday night and the annual Alumni Banquet Friday evening.

## ADOPTS SUGGESTION FOR RACE TOURISTS

J. F. Morrison, Secretary of the Cole Motor Car Company of Indianapolis was a business visitor in the city Saturday afternoon and paid a call at the office of the Fayette Automobile Club. Secretary Allen told him that the Club was already receiving inquiries as to the best route between Dayton and Indianapolis from members who are planning to go to Indianapolis for the races on May 21st. Owing to the road building just started in that section of the state a correct route is difficult to obtain and it was suggested that Mr. Morrison could render a distinct favor to the Club if he could obtain this information for it.

Mr. Morrison's response was a hearty endorsement of the suggestion and he will personally send scouts over the various detours necessary and send a report here. That the routing may be right up to the minute he will get the road conditions on Friday May 28 and wire them here to be available that evening.

The Automobile Club will multi-graph this information and it will be distributed to members who desire it.

## CLASS IS BROKEN BY FLYING ROCK

A rock that flew from beneath the wheels of passing auto truck Saturday afternoon broke a large plate glass in the door of the Frank Campbell pool room on Court street.

The rock had rolled from the piles of dirt from the sewer excavation and was several inches in diameter.

A large glass door in the Bert Ellis place of business on Main street, was shattered Saturday night and it is believed a stone from beneath the wheels of a passing machine struck it.

## MORE NEWSPAPERS ANNOUNCE INCREASE

Both the Gazette and News Advertiser of Chillicothe, regardless of the fact that they are located in a city containing two paper mills, have announced increases to 15 cents per week by carrier, \$5 per year in Ross county, by mail, and the Gazette has announced \$7.50 by mail outside of Ross county, with single copies at five cents each.

Regarding the advance the Gazette says:

"These prices have been forced by the shortage and increased price of paper and will obtain so long as the Gazette Co. can keep affairs going at these rates. It may be these rates will have to be advanced again. It is hoped matters may so adjust themselves that they can be eventually returned to the former status."

## MAKES HIS PROMISE AND GETS LIBERTY

Upon his promise to pay regularly towards the support of his two minor children now in the County Home, Jimmie Davis Cole was freed from the county jail Monday morning after spending Sunday in that place. The warrant for his arrest was sworn out by Superintendent of the County Home Pinkerton and Sheriff N. B. Hall made the arrest early Sunday morning.

## PLACING BRONZES ON MEMORIAL ARCH

The work of placing the bronze fixtures, including memorial tablets bearing the names of Fayette's dead in the recent war, is now under way, and within a day or two this work will be completed and the beautiful bronzes will add much to the appearance of the arch.

A new coat of paint will be given the wood work and other changes in strengthening the arch will be made which will require several days time.

## Dr. Frederick Blankner

The Detroit Distinguished Specialist

Will Make His Annual Visit to Washington Wednesday, May 19th, Remaining One Week, Wednesday, May 26th, Arlington Hotel.

For several years Dr. Frederick Blankner the Detroit Distinguished Specialist has been making annual visits to Washington when many people afflicted with complicated chronic diseases of the stomach, liver, bowels, kidneys, heart, lungs and nerves as well as for gutta serena, chronic nasal catarrh, rheumatism, running sores, boils and general blood poisoning would make a Little Journey to Arlington Hotel to meet him in a square right from the shoulder, honest, conscientious heart to heart talk when Dr. Blankner explains the cause of your ailments and informs you just how you can regain your health.

For several months Dr. Blankner has been in Portsmouth, where people for miles and miles around have come to see him. Dr. Blankner is well known in this community and needs no endorsement for his excellent work. Dr. Blankner has a state-wide reputation for his accomplishments and has treated many of our very best people. You now have an opportunity if afflicted in any way to make the journey as you cannot afford to miss it. If your case is accepted for treatment you can rest assured that it will spell satisfactory results. On Dr. Blankner's last visit his rooms were crowded all the time and many people insisted on him remaining a much greater time. Dr. Blankner is a very busy man and specializes in hard and difficult cases where people have given up hope and restores them to good health, happiness and joy.

In the matter of extracting teeth without pain, Dr. Blankner has few if any equals in the State of Ohio. Think of it, in thirty three years of experience, extracting teeth for all kinds of people in all kinds of physical conditions never has given chloroform, ether, gas, somniform, eucaim or novocain and never has had a bad result. All you have to do is to come to Arlington Hotel, sit down in an easy chair as you please rocking chair, when one diseased tooth after the other will be extracted so easily, gracefully, scientifically and painlessly that you will simply have to smile and say God Bless The Doctor. If you have diseased teeth you must know that they are dangerous in many ways and you cannot afford to keep them in your mouth. Remember one week only from Wednesday, May 19th to Wednesday, May 26th, Arlington Hotel, Office hours 9 a. m. to 8 p. m., Sunday 9 to 12 m. Phone service.

Pure Pasteurized Milk

## KEEPING QUALITIES OF MILK TELL SECRETS

Of course any milk will keep sweet if placed on ice and kept there, but few people begin taking ice with the first warm days. It is milk not placed on ice that gives away the secrets.

Milk not properly cared for, not pasteurized and not cooled properly and not placed in absolutely clean and sterile bottles will sour much quicker than milk handled with modern equipment under modern methods.

The accumulated bacteriae helps sour milk, but if the bacteriae has been eliminated there is nothing to sour it and it will keep until the natural cause of things causes it to become sour.

It may seem strange, but pasteurized milk will keep longer without ice than other milk, and it has been proved by experience. This advantage in addition to absolute purity. Can you afford to be uncertain?

## FAYETTE FARM BUREAU DRIVE BEGINS JUNE 1

Strong Effort to be Made to Enroll all Live Wire Farmers in The County.

Membership of 500 at Present Time Will be Greatly Augmented Next Month.

A member ship of 100 per cent of men actually engaged in Fayette county farming will be sought by Fayette County Farm Bureau in its membership drive which will begin June 1, and continue until the program is completed.

This was the announcement Tuesday of officials of the organization following a meeting last night at Hotel Cherry at which J. H. Larimore, who is directing the publicity for the Ohio Farm Bureau Federation was present.

There already is a membership of 500 in this county. Total availability is slightly over 2000. Officials of the county bureau said they would strive for 100 per cent, or at least, to become the banner county of the state. Wood county is now not only the banner county of Ohio, but also of the United States. Out of an availability of 3700 it has 2835 members.

Organization of Fayette county in the new drive will bring the county up to the standard of the Ohio and American Federations of Farm Bureaus. Members sign up for a fee of \$10 annually. The county bureau thus becomes entitled to all the privileges of the state and national federations.

Charles C. McCoy is president; A. S. Booco, vice president; L. H. Goddard, secretary; Charles Allen, treasurer. Hon. J. M. Willis is chairman of the drive campaign.

Every township in this county has a member of the executive committee and those members, with other men to be selected, will form the nucleus for the drive. It is the purpose of the organizers to visit ever farmer and tenant at his home.

Besides the officers who are ex-officio members of the executive committee, the others are as follows: W. A. Hoposs, A. C. Zimmerman, John Perrill, F. Dorn, Ed Gerhardt, M. L. Dickey, Willard Everhart, Frank E. Haines and Frank M. Rothrock.

According to Mr. Larimore 86 of the 88 counties of Ohio have farm bureaus. These have been organized in the past more or less independently. In January, however, the Ohio Farm Bureau Federation was formed and it was ratified by the counties, which voted to come in under the new arrangement and fee. As fast as they can be handled the counties are being organized. Sixteen already have been completed and 34 have made application to the state federation for help in organizing. Adams county, one of the two which has never been organized, has taken steps to come in under the new arrangement. That will leave Vinton county alone as having no bureau what ever. The total membership in Ohio is more than 60,000. Of these more than 20,000 are \$10 members. It is confidently expected by the state federation that before fall there will be 100,000 members in Ohio on the \$10 basis.

It is stated that one of the objects of the county, state and national organization
